Internship Superior technician — [Group OCP](#) Safi, Morocco

From May 2020 to May 2021

-General study of the principle of functioning of dosometer.

Superior technician — [ONE PLUS ENERGY](#) Agadir, Morocco

From October 2019 to January 2020

Cashier — [Mcdonalds](#) Agadir, Morocco

From May 2019 to October 2019

Internship at the end of my school program — [ONE PLUS ENERGY](#) Agadir, Morocco

From April 2019 to May 2019

-Energetic diagnosis of public lighting in the city of TAN-TAN.

Internship at the end of my school program — [Group OCP - MOROCCO CHEMISTRY](#) Safi, Morocco

From April 2018 to May 2018

-General study of the operation of the combustion chamber.
-Study of the electrical part and instrumentation of the combustion chamber.

About me

* Spirit of cooperation and making the decision.

* Sense of responsibility and adaptation to the environment.

Work experience

Internship — [Group OCP – MOROCCO PHOSPHORUS 2](#) Safi, Morocco
July 2017

-Descriptive study of electrical networks within OCP - Complexe Maroc Phosphore 2.

Academic Projects

Final year study project: MOBILE SUPERVISION ROBOT — [Superior School of Technology](#) Agadir, Morocco

From January 2018 to March 2018

-Realization of a mobile supervision robot controlled remotely by an Android App which allows the transmission of several kinds of data including humidity and temperature.

Competence

Knowledge

Electrical installation and electrical networks. / Knowledge about the core elements of whole vehicle engineering. / Energy Efficiency and Photovoltaic Energy. /Management and Maintenance Technique. /Automatic (Analog and digital). /Automation and Industrial Local Area Networks. /Notions of project management.

Activities

Co-Host — [Podcast WLAD L'HAJ EXPERIENCE](#) Morocco
Since March 2021

Member — [Groupe Supporter Of Club Olympique Safi](#) Safi, Morocco
Since September 2016

Member — [Club English](#) Agadir, Morocco
From September 2018 to June 2019

Member — [Club Social](#) Agadir, Morocco
From September 2016 to June 2018
